**If you want to enter  
Chile as a foreigner**

# If you want to enter Chile as a foreigner, it is important to know:

Foreigners wishing to enter and remain in Chile for less than 90 days, without intending to settle permanently, for reasons such as recreation, sports, health, studies, business management, tourism, family visits, or similar purposes, do so as holders of a Temporary Stay Permit. Some foreigners require a visa or prior authorization to obtain this permit, which is requested through the website provided by the Ministry of Foreign Affairs.
